

Relief Kit Contents

A major earthquake of 7.2 magnitude hitting the island of Haiti on August 14th, 2021 has left more than 500 people dead with many missing and displaced. This nation has faced a myriad of challenges throughout its history, ranging from political unrest and economic stagnation to colonial oppression, humanitarian crisis, and as observed, natural disasters. Below are items that can be donated to the individuals of the nation who are currently facing ongoing hardship.
